

COMPASSMATCH

An online in-kind contribution management system

CoBro
CONSULTING

THE PROBLEM

Many GEAR UP programs struggle to collect, calculate, and report their matching fund contributions.

OUR SOLUTION

CompassMatch dramatically reduces time and effort on these tasks, so you can focus on what matters most.

COMPASSMATCH SYSTEM FEATURES

- User-friendly data entry screens with customized drop-down menus
- Time-saving batch entry function to record service contributions of multiple staff at once
- A variety of pre-formatted reports, generated on demand
- Batch email functions to send staff automated reminders and notices

Current Date: Wednesday, February 27, 2008

BENEFITS OF COMPASSMATCH

Online for easy access by multiple users across wide-area programs

Employees and program partners can enter and verify their own donated time

Matching funds are automatically computed based on stored salary and benefits information

Grant administrators can track real-time progress toward meeting contribution goals

WHY CHOOSE COMPASSMATCH?

The one-time fee includes:

- System modification to conform to program needs
- Data formatting and integration
- Monthly online training, as needed
- Secure server webhosting
- Ongoing technical support
